INDEPENDENT AUDITORS' REPORT

To the Board of County Commissioners
Dolores County, Colorado
Dove Creek, Colorado 81321

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Dolores County, Colorado as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Dolores County, Colorado, as of December 31, 2020, and the respective changes in financial position and, where applicable,

cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 13 and pages 40 through 45 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Dolores County, Colorado's basic financial statements. The combining non-major fund financial statements, budgetary comparison schedules, and Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining non-major fund financial statements, budgetary comparison schedules, Local Highway Finance Report and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining non-major fund financial statements, budgetary comparison schedules, Local Highway Finance Report and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2021, on our consideration of the Dolores County, Colorado's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Dolores County, Colorado's internal control over financial reporting and compliance.

Majors and Haley, P.C.

DOLORES COUNTY, COLORADO

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Year Ended December 31, 2020

FINANCIAL HIGHLIGHTS

Key financial highlights for the County in 2020 are as follows:

- In total, net position increased by \$227,502. Net position of governmental activities increased by \$225,607, which represents a .86 percent increase from 2019. Net position of business type activities increased \$1,895 or .17 percent from 2019.
- General revenues accounted for \$4,383,298 in revenue or 50.3 percent of all revenues. Program specific revenues in the form of charges for services, grants and contributions accounted for \$4,328,570 million or 49.7 percent of total revenues of \$8,711,868.
- Governmental activities total assets increased by \$85,449. Total liabilities increased by \$37,836. Deferred inflows of resources decreased by \$177,994.
- The County incurred \$8,322,545 million in expenses related to governmental activities. \$4,275,836 of these expenses were offset by program specific charges for services, grants and contributions. General revenues (primarily property taxes and mineral leasing funds) of \$4,246,808 were adequate to cover the balance of the costs of these programs.
- Among the major funds, the General Fund had \$3,882,436 in revenues, including transfers and \$3,627,954 in expenditures including transfers. It's fund balance increased by \$254,482 from \$8,919,006 to \$9,173,488.
- Net position of the Enterprise Fund increased from \$1,115,432 to \$1,117,327.

DOLORES COUNTY, COLORADO

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Year Ended December 31, 2020

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts: management's discussion and analysis, the basic financial statements, required supplementary information, and other supplementary information. The basic financial statements include two kinds of statements that present different views of the County.

- The first two statements are County-wide financial statements that provide both short-term and long-term information about the County's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the County, reporting the County's operations in more detail than the County-wide statements.
- The governmental funds statements tell how basic services such as general government were financed in the short-term as well as what remains for future spending.
- Proprietary funds statements offer short-term and long-term financial information about the activities the County operates like businesses, such as weed control services.
- Fiduciary funds statements provide information about the financial relationships in which the County acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplemental information that further explains and supports the financial statements with a comparison of the County's budget for the year.

County-wide Statements

The County-wide statements report information about the County as a whole using accounting methods similar to those used by private companies. The statement of net position includes all of the County's assets, deferred outflows of

DOLORES COUNTY, COLORADO

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Year Ended December 31, 2020

resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two County-wide statements report the County's net position and how it has changed. Net position (the difference between the County's assets, deferred inflows of resources, and liabilities and deferred outflows of resources) is one way to measure the County's financial position.

- Over time, increases or decreases in the County's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the County's overall health, you need to consider additional non-financial factors such as changes in the County's property tax base and the condition of county facilities.

In the County-wide financial statements, the County's activities are divided into two categories:

- **Governmental activities-** Most of the County's basic services are included here, such as general government, public works, public safety, public health and culture and recreation. These activities are financed mainly through property taxes and operating grants.
- **Business-type activities-** The County charges fees to help cover the costs of certain services it provides. The County's weed control operation is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's funds, focusing on its most significant or "major" funds, not the County as a whole. Funds are accounting devices the County uses to keep track of specific sources of funding and spending on particular programs. Some funds are required to be established by state law. However, the County establishes many other funds to help it manage and control its finances to achieve certain results.

The County uses three types of funds:

DOLORES COUNTY, COLORADO

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Year Ended December 31, 2020

- **Governmental funds-** Most of the County's basic services are included in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the County's general operations and the services it provides. Governmental fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the County-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or difference) between them.
- **Proprietary funds-** Services for which the County charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the County-wide financial statements. The County's enterprise funds (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information such as cash flow analysis.
- **Fiduciary funds-** The County is the agent, or fiduciary, for assets that belong to others, such as the Agency Fund. The County is responsible for ensuring that the assets reported in this fund are used only for their intended purposes and by those to whom the assets belong. The County excludes these activities from the County-wide financial statements because it cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Total assets increased by \$78,603. Total liabilities increased by \$38,433.
Deferred inflows of resources decreased by \$187,332.

The County's combined net position was larger on December 31, 2020 than it was at December 31, 2019, increasing by .83 percent to \$27,708,866. Most of the increase came from its governmental activities, the net position of which increased \$225,607 to \$26,591,539. The net position of the County's business type activities increased \$1,895 to \$1,117,327.

DOLORES COUNTY, COLORADO

**MANAGEMENT’S DISCUSSION AND ANALYSIS
(UNAUDITED)
For the Year Ended December 31, 2020**

Operating grants and property taxes accounted for most of the County’s total revenue, with each contributing 43 percent and 39 percent respectively (See Table 3). Another 7 percent came from charges for services and the remainder from mineral leasing and other sources.

The County’s expenses are predominately related to public works, (32.7 percent), general government (26.1 percent) and public health and welfare (24.7 percent) (See Table 4).

Table 3
Sources of Revenue for Fiscal Year 2020

DOLORES COUNTY, COLORADO

**MANAGEMENT’S DISCUSSION AND ANALYSIS
(UNAUDITED)
For the Year Ended December 31, 2020**

**Table 4
Expenses for Fiscal Year 2020**

Governmental Activities

The primary sources of operating revenue for the County come from operating grants and general property taxes. The County receives approximately 82 percent of this funding from these sources while the remaining amounts come from charges for services and other general revenues.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those service costs. Table 5 shows, for governmental activities, the total cost of services and net cost of services. That is, it identifies the cost of these services supported by general revenues including general property taxes.

DOLORES COUNTY, COLORADO

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)
For the Year Ended December 31, 2020

Table 5
Government Activities
(In millions)

	Total Cost of Services		Net Cost of Services	
	2020	2019	2020	2019
General government	\$ 2.222	\$ 2.053	\$ 1.868	\$ 1.823
Public safety	1.174	0.972	0.949	0.792
Public works	2.594	3.081	0.723	(0.080)
Public health and welfare	2.106	1.737	0.325	0.398
Culture and recreation	0.200	0.199	0.155	0.166
Depreciation-unallocated	0.027	0.027	0.027	0.027
Total	\$ 8.323	\$ 8.069	\$ 4.047	\$ 3.126

- The cost of all governmental activities during the year was \$8.323 million.
- Some of the cost was financed by the users of the County's programs (\$.521 million)
- Federal and state government subsidized certain programs with grants and contributions (\$3.755 million).
- However, \$4.247 million was financed by state and county taxpayers. This portion of governmental activities was financed with \$3.265 million in property taxes, \$.327 million in mineral leasing and \$.655 in other general revenues.

Business-type Activities

Business-type activities are made up of the Mandatory Pest Control District. This program had revenues of \$189,224 and expenses of \$187,329. Business-type activities received \$136,336 in property and specific ownership taxes.

DOLORES COUNTY, COLORADO

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the Year Ended December 31, 2020

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Information about the County's major funds starts on page 16. These funds are accounted for using the modified accrual basis of accounting. All governmental funds have total revenues of \$8.523 million and expenditures of \$8.899 million.

General Fund Budgetary Highlights

The County's budget is prepared according to Colorado law and is based on accounting for certain transactions on a basis of cash receipts and disbursements. The most significant budgeted fund is the General Fund.

Over the course of the year, the County made no revisions to the annual operating budget.

- Actual revenues were \$94,794 less than budget, primarily because the County budgeted for certain grants that were not received.
- Actual expenditures were \$287,007 less than budget primarily for the same reason as the excess in budgeted revenues.

CAPITAL ASSET ADMINISTRATION

By the end of 2020, the County has invested \$16.316 million in land, buildings, and equipment (including vehicles), of this total, \$15.971 million was from governmental activities.

Table 6 shows capital assets for 2020 compared to 2019:

Additional information on the County's capital assets can be found in the Notes to the Financial Statements on page 33 of this report.

FACTORS BEARING ON THE COUNTY'S FUTURE

At the time these financial statements were prepared and audited, the County is not aware of any existing circumstances that could significantly affect its financial health in the future.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide the County's citizens, taxpayers, and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Dolores County Administration Office, P.O. Box 608 Dove Creek, Colorado 81324.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Summary of Significant Accounting Policies - Dolores County, Colorado's (the County) financial statements are prepared in accordance with U.S. generally accepted accounting principals (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements of Interpretations).

The following significant accounting policies were applied to the preparation of the accompanying financial statements.

Reporting Entity – Dolores County, Colorado is a statutory (non-home-rule) county and serves as an administrative unit of the State of Colorado.

The County's financial reporting entity comprises the following:

Primary Government:	Dolores County, Colorado
Blended Component Unit:	Dove Creek Mandatory Pest Control District
Discretely Presented Component Unit:	Dolores County Library District

In determining the financial reporting entity, the County complies with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," and includes all component units of which the County appointed a voting majority of the unit's board; the County is either able to impose its will on the unit or a financial benefit or burden relationship exists.

Blended Component Unit- The Dove Creek Mandatory Pest Control District serves a portion of Dolores County and is governed by a Board of Trustees appointed by the County Commissioners. The Commissioners approve all expenditures of the District. The District is included as an enterprise fund of the County.

Discretely Presented Component Unit- The Dolores County Library District operates the County Library. The commissioners appoint the governing board of the District and approve its' budget.

Fund Accounting – The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resource, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and in the means by which spending activities are controlled. The various funds are grouped into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types".

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Governmental Funds – are used to account for all or most of a government’s general activities, including the collection and disbursement of earmarked funds (special revenue funds). The following are the County’s major governmental funds.

General Fund – is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. Major revenue sources include local property taxes, specific ownership taxes and state and federal grants.

Special Revenue Funds-

Road and Bridge Fund – accounts for the costs related to county road and bridge construction and maintenance. By state law, a portion of this fund’s property tax revenues are allocated to cities and towns for use in their road and street activities. This fund is required by state law.

Social Services Fund- accounts for federal and state public welfare programs administered by the County. This fund is also required by state law.

Non-major Funds- The other governmental funds of the County are Special Revenue Funds. These funds account for revenues derived from earmarked revenue sources. Special revenue funds consist of the Senior Services Fund, Conservation Trust Fund, Ormiston Fund, Contingency Fund and the Public Health Fund.

Proprietary Funds–

Enterprise Fund – focuses on the determination of the changes in net position, financial position and cash flows and are classified as either enterprise or internal service. The County’s major enterprise fund is:

Dove Creek Mandatory Pest Control District- is used to account for the financial transactions related to the weed control operations of the County.

Fiduciary Funds – reporting focuses on net position and changes in net position. In 2019 the County implemented GASB 84. Under this new reporting requirement, the County has one custodial fund.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Basis of Presentation-

County-wide Financial Statements- The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government except for fiduciary funds. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The county-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliation with a brief explanation to better identify the relationship between the county-wide financial statements and the statements for governmental funds.

The county-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements- Fund financial statements report detailed information about the County. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflows of resources and all

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

liabilities and deferred outflows of resources associated with the operations of these funds are included on the statement of net position. The statement of revenues, expenses and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds are reported using the economic resources measurement focus.

Basis of Accounting – determines when transactions are recorded in the financial records and reported on the financial statements. County-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting.

Revenues- Exchange and Non-exchange Transactions- Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenues are recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenues from property taxes are recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when used is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes collected within 60 days after year-end, interest, and certain grants.

Unearned Revenue- arises when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Expenses/Expenditures- On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the statement of revenues, expenses and changes in fund net position as an expense with a like amount reported as donated commodities revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Budgets and Budgetary Accounting – The County is required by Colorado Statutes to adopt annual budgets for all funds. Each budget is prepared on the same basis (U.S. GAAP basis) as that used for accounting purposes, except for the Enterprise Fund, which is prepared essentially on the modified accrual basis of accounting. This basis of accounting is at variance with U.S. GAAP.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

Prior to October 20, the Budget Officer submits to the County Commissioners a proposed operating budget for the fiscal year commencing the following January 1.

The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted to obtain comments.

Prior to December 31, the budget is legally adopted through passage of adoption and appropriations resolutions.

Formal budgetary integration is employed as a management control device during the year.

Department directors are authorized to transfer budget amounts within the department. However, the County Commissioners must approve any revisions that alter the total expenditures of any department.

Appropriations are adopted by resolution for each fund in total and lapse at the end of each year. Over-expenditures are not deemed to exist unless the fund as a total has expenditures in excess of appropriations.

Cash and Cash Equivalents – for the purpose of the Statement of Cash Flows of the Enterprise Fund is considered to be all of the highly liquid investments with a maturity of six months or less.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Short-term Inter-fund Receivables/Payables- During the course of operations, certain transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as internal balances on the County-wide statement of net position and, classified as due from other funds or due to other funds on the balance sheet.

Inventories – in the governmental funds consist of expendable supplies held for consumption, the cost of which is recorded as an expenditure at the time of purchase. Restrictions of fund balance have been established for the inventory balances.

Capital Assets – General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the county-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the county-wide statements of net position and in the respective fund financial statements.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated general fixed assets are valued at their estimated fair value on the date donated. The County maintains a capitalization threshold of five thousand dollars. As per GASB 34 the County has elected to report infrastructure assets on a prospective basis. Therefore, infrastructure acquired before January 1, 2004 is not included in the financial statements.

All reported capital assets are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities <u>Estimated Lives</u>	Business-Type Activities <u>Estimated Lives</u>
Buildings and Improvements	20-50 Years	20 Years
Furniture and Equipment	5-15 Years	5-10 Years
Vehicles	8 Years	10 Years

Property Tax Revenue Recognition – The County bills and collects its own property taxes as well as property taxes of all other taxing authorities within the County. The property taxes are levied and certified in December of the year prior to the year the taxes are collected. Property taxes become an enforceable lien on January 1 of each year. Secured property taxes are due in two equal installments on February 28 and June 15, and are delinquent after February 28 and June 15 respectively. The entire balance can be paid by April 30 without penalty. Property taxes levied are recorded as unearned revenues in the year levied, as they are not

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

due until the following year. An allowance for un-collectible taxes is not provided as the un-collectible amounts were determined to be negligible based upon an analysis of historical trends.

Compensated absences- Compensated absences arise from policies concerning paid time off. In the event of termination, an employee is reimbursed for accumulated paid time off. Accumulated paid time off benefits are shown as long term debt obligations since these amounts are not expected to be paid from currently available resources.

Accrued Liabilities and General Long-Term Obligations- All payables, accrued liabilities and long-term obligations are reported in the county-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments, the non-current portion of capital leases, compensated absences, and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, payment made within sixty days after year-end are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements.

Governmental Fund Balances- In the governmental fund financial statements, fund balances are classified as follows:

Non-spendable- Amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact. This includes inventory maintained in the Road and Bridge Fund.

Restricted- Amounts that can be used only for specific purposes because of state or federal laws, or externally imposed conditions by grantors or creditors. This includes the County's TABOR reserve.

Committed- Amounts that can be used only for specific purposes determined by a formal action by the Board of County Commissioners.

Assigned- Amounts that are designated by the Board of County Commissioners for a particular purpose but are not spendable until appropriated. This includes assignments for subsequent year's expenditures.

Unassigned- All amounts not included in the other spendable classifications.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Use of Restricted Resources-When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the County's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the County's policy is to first apply the expenditure toward restricted fund balance and then to other less restrictive classifications-committed and then assigned fund balances before using unassigned fund balance.

Fund Balance Restrictions- The County restricts those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unrestricted fund balance indicates that portion of fund equity, which is available for appropriation in future periods. Assigned fund balances have been established for future year's expenditures.

Net Position- Net position represents the difference between assets, deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are liabilities imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Operating Revenues and Expenses- Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges related to weed control. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activities of the fund. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Inter-fund Transactions- Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other inter-fund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of management's estimates.

Cash and Investments – The County Treasurer maintains a cash pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the financial statements as "Cash".

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Deposits- The Colorado Public Deposit Protection Act (PDPA) governs the County's cash deposits. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance on deposits held. Each eligible depository with deposits in excess of the insured levels must pledge a collateral pool of defined eligible assets, to be maintained by another institution or held in trust for all of its local government depositors as a group, with a market value of at least 102% of the uninsured deposits. The State Regulatory Commission for banks and savings and loan associations are required by statute to monitor the naming of eligible depositories and the reporting of uninsured deposits and assets maintained in the collateral pools.

Colorado statutes define eligible investments for local governments. These include bonds and other interest-bearing obligations of or guaranteed by the United States government or its agencies, bonds which are direct obligations of the State of Colorado or any of its political subdivisions, repurchase agreements, commercial paper, guaranteed investment contracts and local government investment pools.

At December 31, 2020 the County had investments in two local government investment pools, the Colorado Liquid Asset Trust (COLOTRUST) and the Colorado Surplus Asset Fund Trust (CSAFE). These investment pools are investment vehicles established for local government entities in Colorado to pool surplus funds for investment purposes. The pools are routinely monitored by the Colorado Division of Securities with regard to its operations and investments, which are also subject to provisions of C.R.S. Title 24, Article 75, and Section 6. The fair value of the investments in the pools are the same as the value of the pool shares. None of these types of investments are categorized because they are not evidenced by securities that exist in physical or book form. COLOTRUST is rated AAAM by Standard and Poors and CSAFE is rated AAAM by Standard and Poors.

At December 31, 2020 the carrying amount of the County's cash and investments was \$17,154,851. The County's bank balances were \$1,292,626, COLOTRUST balances were \$14,971,627 and CSAFE balances were \$1,000,537. The County's bank balances at December 31, 2020 and during the year then ended were entirely covered by FDIC insurance or pledged collateral held by the County's agent banks in the name of governmental accounts of which the County is a part.

Retirement Plan – The County is a member of the Colorado County Officials and Employees Retirement Association. All members of the Association are participants in a defined contribution retirement plan which was adopted and is administered to provide income after retirement in addition to benefits provided by Federal Social Security. All County employees are required to participate after one year of continuous service. Contributions made by the employee are a minimum of four percent and a maximum of six percent of gross salary, at the employees' discretion. Employees may make additional voluntary contributions not to exceed ten percent of compensation.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

The County maintains no control over the plan, other than being a member of the Association. Employees are fully vested upon participation in the plan. The County has no unfunded liability under the plan. The total 2020 County payroll was \$2,933,883. The covered payroll for retirement plan purposes was \$2,451,388. The 2020 employer and employee contributions to the plan were \$120,500 and \$120,500 respectively. There were no County securities or other transactions included in the plan's assets.

Capital Assets – Capital asset activity for the fiscal year ended December 31, 2020 follows:

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Operating Leases –

In 2019, the County leased 2 blades with semi-annual payments of \$28,094

In 2020, the County leased 4 blades with semi-annual payments of \$54,860, 2 blades with semi-annual payments of \$22,389 and one blade with semi-annual payments of \$26,906.

The future minimum payments for these leases are as follows:

<u>Year</u>	<u>Payments</u>
2021	\$ 181,404
2022	77,249
	\$ 258,653

Long-Term Debt-

Capital Leases Payable-

In 2012, the County entered into a lease agreement for a John Deere Loader. The lease is payable in 14 semi- annual installments of \$17,640 beginning in 2013. The loader is included in the capital assets at a cost of \$264,586, with accumulated depreciation of \$158,752. The lease is serviced by the Road and Bridge Fund and the equipment serves as collateral.

In 2019, the County entered into a lease agreement for a John Deere Backhoe. The lease is payable in monthly installments of \$1,329 beginning in 2019. The backhoe is included in the capital assets at a cost of \$108,745, with accumulated depreciation of \$14,499. The lease is serviced by the Road and Bridge Fund and the equipment serves as collateral.

Changes in General Long-Term Debt- A summary of changes in general long-term debt follows:

	Balance January 1, 2020	Additions	Deletions	Balance December 31, 2020
Accrued compensation	\$ 202,565	\$ 22,716		\$ 225,281
Lease obligations	63,209		\$ 31,639	31,570
Total	\$ 265,774	\$ -	\$ 31,639	\$ 256,851

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Annual requirements to amortize the lease purchase are as follows:

Year Ending December 31,	Lease Purchase
2021	\$ 15,948
2022	15,948
2023	1,329
 Total	 33,225
Less Interest	(1,655)
 Outstanding principal	 \$ 31,570

Interfund Operating Transfers- consist of the following:

	Transfer In	Transfer out
General Fund	\$ 50,318	\$ 75,000
Special Revenue Funds		
Conservaton Trust Fund		50,318
Senior Services Fund	25,000	
Ormiston Fund		4,000
Social Services Fund	54,000	
	\$ 129,318	\$ 129,318

Fund Balance Restrictions and Assignments – Nonspendable indicates amounts that cannot be spent, either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. Restricted indicates that a portion of the fund balance can only be spent for specific purposes because of state or federal laws, or externally imposed conditions by grantors or creditors. Assigned indicates amounts that are designated for a specific purpose by the Board of County Commissioners but are not spendable until appropriated. The County uses the following restrictions and assignments:

Nonspendable

Inventory- indicates that the portion of fund balance represented by inventories is not available for appropriation and expenditure at the balance sheet date. Nonspendable fund balance related to inventory consists of \$385,780 in the Road and Bridge Fund.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Restricted

TABOR- indicates that a portion of the fund balance has been segregated for expenditures for declared emergencies only. Fund balance restricted for TABOR consists of \$150,000 in the General Fund.

Cancer treatments- indicates that the fund balance within the Ormiston Fund is restricted for the payment of cancer treatment costs of qualified county residents.

Public Health and Welfare- indicates that the fund balances within the Social Services Fund and Public Health Funds are restricted for the purpose of public health and welfare.

Public Works- indicates that the fund balance within the Road and Bridge Fund is restricted for construction and maintenance of County roads and bridges.

Parks and Recreation- indicates that the fund balance within the Conservation Trust Fund is restricted for certain parks and recreation expenditures as defined by Greater Outdoors Colorado.

Contingencies- indicates that the fund balance within the Contingency Fund are restricted for certain unforeseen expenditures as determined by state law.

Assigned for future year's expenditures- indicates anticipated fund balance available for appropriation in the next budget year. Fund balance assigned for future year's expenditures consists \$8,997,508 in the General Fund.

Public Trustee – The County Treasurer holds the office of the County Public Trustee. Public Trustees are named as trustees for Deeds of Trust and perform all the functions and exercise all the powers conferred upon them by the Deeds of Trust. These functions include releasing Deeds of Trust when indebtedness is paid in full, making sales whenever default occurs, issuing Certificates of Purchase and Certificates of Redemption of Trustee's Deeds. Fees for such services are used to cover related expenses and pay the Trustee an annual salary.

The accounts of the County Public Trustee consist of the following as of and for the year ended December 31, 2020

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Cash at January 1, 2020	\$ 337
Revenues	
Interest and fees	9,516
Expenditures	(9,598)
Cash at December 31, 2020	<u>\$ 255</u>

Commitments and Contingent Liabilities – There appear to be no commitments or contingencies that would pose a threat of significant liability to the County.

Tax Spending, Revenue and Debt Limitations- Colorado voters passed an amendment to the State Constitution, Article X, Section 20 (TABOR), which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

TABOR requires that revenue received in excess of the “revenue limit” be refunded unless the voters approve the retention of such revenue.

On November 7, 2000 the people of the County voted to authorize the spending of all monies in existing funds and to collect, retain, and expend the full revenues, including state grants and taxes, generated during 2001 and for each subsequent year, regardless of any limitation contained in Article X, Section 20, of the Colorado Constitution. The amendment is complex and subject to judicial interpretation. The County believes it is in compliance with all other requirements of the amendment. However, the County has made certain interpretations of the amendment’s language in order to determine compliance.

Risk Management – County Workers Compensation Pool – The County is exposed to various risks of loss related to injuries of employees while on the job. The County joined the County Workers’ Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CWCP for its workers’ compensation insurance coverage. The intergovernmental formation agreement of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the pool will purchase excess insurance through commercial companies for members’ claims in excess of a specified self-insured retention, which is determined each policy year.

DOLORES COUNTY, COLORADO

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

Colorado Counties Casualty and Property Pool – The County is exposed to various risks of loss related to property and casualty losses. The County joined the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP for its property and casualty insurance coverage. The intergovernmental formation agreement of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the pool will purchase excess insurance through commercial companies for members’ claims in excess of a specified self-insured retention, which is determined each policy year.

Colorado Immunity Act – Under Colorado statutes, the County has immunity from liability in excess of \$150,000 per individual and \$600,000 per occurrence.

Highway Report – The supplemental Highway Finance Report on the form provided by the Colorado Department of Highways is included in the audited financial statements. The following is a reconciliation between the highway report and the audited financial statements:

	<u>Highway Report</u>	<u>Difference</u>	<u>Financial Statements</u>
Receipts	\$2,426,487		\$2,426,487
Expenditures	\$2,568,539 (A)	\$ 25,508	\$2,594,047

Difference in current year:

DOLORRES COUNTY, COLORADO

Non-major Governmental Funds

December 31, 2020

Special Revenue Funds

Special revenue funds are used to account for taxes and other designated revenues of the County which are used for a specified purpose as required by law or administrative action.

Senior Services Fund

This fund accounts for the activities related to the Senior service activities of the County.

Conservation Trust Fund

This fund accounts for the County's share of lottery proceeds from the state to pay for local conservation efforts.

Clara Ormiston Fund

This fund accounts for money received from the Clara Ormiston Trust to help residents of the County with health care costs for the treatment of cancer.

Contingent Fund

This fund is required by state law. This fund accounts for expenditures not reasonably foreseen at the time the budget is adopted.

Public Health Fund

This fund was formed in 2009 and accounts for the public health department activities of the County.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Board of County Commissioners
Dolores County, Colorado
Dove Creek, Colorado 81324

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Dolores County, Colorado as of and for the year ended December 31, 2020 and the related notes to the financial statements, which collectively comprise the Dolores County, Colorado's basic financial statements and have issued our report thereon dated August 11, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Dolores County, Colorado's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Dolores County, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of the Dolores County, Colorado's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less

severe than a material weakness, yet important enough to merit attention by those charges with governance.

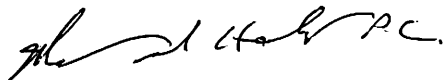

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Dolores County, Colorado's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal controls and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of County Commissioners
Dolores County, Colorado
Dove Creek, Colorado 81324

Report on Compliance for Each Major Federal Program

We have audited the Dolores County, Colorado's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Dolores County, Colorado's major federal programs for the year ended December 31, 2020. The Dolores County, Colorado's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Dolores County, Colorado's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Dolores County, Colorado's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Dolores County, Colorado's compliance.

Opinion on Each Major Federal Program

In our opinion, the Dolores County, Colorado complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of the Dolores County, Colorado is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Dolores County, Colorado's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Dolores County, Colorado's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of control deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charges with governance.

Our consideration of internal control over compliance was for limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

DOLORES COUNTY, COLORADO

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended December 31, 2020

Organization

The accompanying schedule of expenditures of federal awards presents the activity of all federal award programs of Dolores County, Colorado for the year ended December 31, 2020. All federal awards received directly from federal agencies as well as federal awards passed through other governmental agencies, are included on the schedule.

Basis Of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in, the preparation of the basic financial statements.

Indirect Costs

The County has not elected to use the 10% *de minimis* indirect cost rate as allowed in the Uniform Guidance, Section 414.

Food Distribution

Non-monetary assistance is reported in the Schedule at the fair market value of the commodities received and disbursed.

Sub-recipients

Dolores County had no sub-recipients of federal funds for the year ended December 31, 2020.
