The market for recycle materials is volatile. Bruin Waste Management may need to stop accepting certain recycle products if the market for that product becomes so low that it cannot be economically hauled and processed.

We DO NOT accept car bodies, liquid waste, batteries, toxic waste, asbestos, tires or any other items prohibited by law. Extra large or small loads may be charged accordingly at the discretion of the Caretaker.

Transfer station hours are 9am to 5pm Saturday and Sunday
Open on Fridays from the first Friday in May thru the first Friday in October.
